Ceri's background and personal statement		
<p>I have worked as a Veterinary Nurse since 2000 and I take training and behaviour referrals privately.</p> <p>I currently co-run Alpha Dog Training Club and have been instructing formally since 1998, having earned my first Instructors Award through the BIPDT. I qualified as an Instructor with the PDTI in 2010, also passing the Harper Adams University College Level 4 Exam in Canine Behaviour and Training. I gained my Advanced award in 2011 and have acted as Team Tutor on the PDTI Instructors Course 2012 & 2013, helping others develop their skills.</p> <p>I have achieved GCDS gold award with my present dog Chester and we have trained in Agility (we even competed once and got a clear round rosette!). I 'showed' my previous dog, Echo, and participated in Junior Handling events and many shows over the years, and have since professionally handled dogs in Open and Champ Breed shows.</p>
