<p>Personal statement: I have been instructing at Ashford Dog Training Club since 2006. I started up Your Home Dog Training in 2007. I offer dog walking services, one to one training and puppy training in peoples own homes. I also offer help and advice to people who are having behavioural problems with their dogs. I continue to read as much as possible and go to seminars to learn new ideas and methods. I recently began training volunteer walkers at Foal Farm Rescue centre in a bid to help more dogs get homes.</p>
