<b>Qualifications and relevant Awards</b>		<b>Classes and Services</b>
In-house training for current role as a Dog Control Officer with the local authority, assisting the Animal Warden. PDTI Level 1 Theory Certificate.		Classes: All Kennel Club Awards plus Summer Agility

**Personal statement:** I have always had dogs in the family and owned my own for five years. I currently have three dogs, all of which have gone through the Kennel Club Good Citizen Awards (two to Gold and one currently on Silver). I have started competing in fun agility and fly ball competitions, and for the previous two summers, I have taken part in obedience and agility demonstrations for local shows.

I started assisting Peter Whittaker of Pele K9 Training School in April 2012, giving demonstrations and instructing one or two exercises for the puppy class, as well as instructing the new starters in agility.

Work-wise I was previously a Kennel Maid for Crossways Kennels in Betchworth Surrey, which included day to day care of dogs, grooming and minor veterinary treatments. In 2012 I took on the post of Dog Control Officer for local government, assisting the Animal Warden in collecting / reuniting / re homing lost dogs. I am also involved in microchipping and enforcing dog fouling, as well as advising owners on any dog related questions they may have.
