Name's background and personal statement		
<p>I have been running my own business since 2011. I specialise in Puppy Training classes, 1:1 training and behaviour. I organise a lot of free events which include monthly free socialising walks, puppy parties and dog awareness talks for the local scout and youth clubs to help encourage the next generation to become responsible dog owners.</p> <p>I am currently still working part time for the RSPCA in transport. I have volunteered at a number of rescue charities including a dog shelter in South Africa and home checks and follow-up training for a Labrador Rescue organisation.</p> <p>I am passionate about all breed of dogs and have a soft spot for Staffie's and Staffie crosses, especially since owning a Staffie myself along with his younger bigger brother - a rescued American Bull Dog.</p> <p>I am currently on the KCAI scheme working towards accreditation through the modules. I have studied on NVQ courses and attended many workshops over time including risk assessments and first-aid. I have attended courses including most recently IMDT career as a dog trainer, IMDT practical instructor's course and a private course on dealing with aggressive dogs.</p>
